Product Information

Product Colour	Black (RAL 9011)/ White (RAL 9016)
SKU	EVO-WS12-TMBB / EVO-WS12-TMBW
GTIN	5056455500300 / 5056455500317
MPN	500300 / 500317

Product Overview

Evoson™ has designed a series of top mounting brackets for mounting the Evoson PEAKSOUND™ WS range of professional cabinet loudspeakers. The bracket is constructed from solid steel and can be affixed to a ceiling, wall, or other surface using the fixing points on the length of the bracket. Once the speaker is mounted it can then be tilted into the desired position, enabling flexible and accurate sound dispersion.

A corresponding bracket is available for each speaker in the range in either black or white (not including the WS6, WS8, and WS212B). The bracket includes all necessary components for safe and reliable mounting in a variety of indoor applications. Wall-fixings not included.

Technical Specifications

Product Features

Dimensions (W x D x H)	380 mm x 520 mm x 220 mm
Max Load	30kg
Material	Steel
Compatibility	WS12 Cabinet Loudspeaker

Evoson reserves the right to change technical specifications and product characteristics without prior notice; this is part of our continued efforts to improve our product range.
